

# INTRODUCTION TO PORTRAIT DRAWING WITH PENCIL

## Assignment: Al Pacino Eye Drawing

Set your pencils and the paper ready, we are going to practice drawing and shading an old man's eyes together!

### Steps:

1. Warm up your hand by drawing several straight and curved lines on your paper, meanwhile testing your pencil and getting to control your hand pressure.
2. Now, draw the axis lines and start drawing the outlines.
3. You can also download the outline from the downloadable resources section.
4. Start adding the shading layers one by one.

### Challenge:

- Now it is time to test yourself. Try sketching and shading this eye, following what you have learned in this lesson.
