

## Ruyangosaurus Color

After practicing the four steps to sketch the dinosaur, do a fast sketch of the Ruyangosaurus with the mechanical pencil and get ready to add color to it.

### Steps:

1. Use colored pencils to add the different color layers for the dinosaur.
2. Select your color palette.
3. Add the basic layer.
4. Start adding lights and shadows, using different color tones just like your teacher.
5. Step by step, add more details.
6. You can download the outlines for the dinosaur from the downloadable resources section.
